

Hospice Administrator Certificate Program – Wrap Up

The Hospice Administrator Certificate Program (HACP) drew nearly 100 attendees on July 10-12 in San Diego, California for a three day intensive training. The program consisted of three modules presented by industry speakers such as Jeannee Parker Martin, Christy Whitney, Martha Tecca, Teresa Craig and Deborah Randall. Each day focused on specific topics that would provide hospice administrators with the insights to strategically position their organizations for success in the years to come. Module I focused on health care trends, leadership, management and use of data, and marketing strategies. Module II provided a framework for understanding, interpreting and modifying essential elements of hospice financial management. Also discussed were tools necessary to manage financial performance such as key reports, appropriate budgeting and monitoring of financial operations. In Module III, the key elements of corporate compliance were reviewed. To close the program, a case study was presented to integrate strategic, financial and performance improvement issues during the program.

The HACP program provided attendees the opportunity to network during an evening reception sponsored by HospiScript. Attendees who completed the course received a certificate of completion and 18 hours of Continuing Education Units. Congratulations to all! See you at the upcoming Advanced Hospice Administrator Certificate program on October 3-5, 2007 in Denver, Colorado!

Gina Andres	Hospice Care of the West, LLC	Carol Lawrence	Kaiser Foundation Hospital Hospice Agency, San Diego
